ONE FAVORITE WINS.

San Francisco, Jan. 6.—Leader was the conly favorite to win at Oakland today and there were a number of surprises. The greatest betting event was the sixturions handicap, five of the seven starters receiving strong support. Corrigan went to the post favorite. After considerable delay Sad Sam got away flying, and through this advantage he was enabled to win by a head from Kenflhworth. Who got away poorly. Flush of Gold was a close third in from of Corrigan, who also suffered at the start. John S. The hunters from both cities met on Main street in this city about 9 a. m., but it was 10 o'clock before they took their departure for the scene of the hunt. They were out about three hours and thorough. Iy scoured the country in search of the bunnies, each of whom, upon being seen, went down before the well aimed gims of the hunters. Orsen Olsen of this city proved himself to be the champion of the day by slaying twenty-four rabbits. The rabbits were brought to the starting place in two separate wagons about 3:39 o'clock, and when counted it was found that there were 33s. The Ephraim team, under the leadership of Rasmus Hansen, won by thirty-two, having 185, while the Manti team, under Captain Rammerman, had 153.

Peace Meeting Delayed Subject to Ban's Orders.

Ban's Orders.

Cincinnati, O., Jan. 6.—Chairman Hermann of the peace committee of the National Baseball league today received a letter from President Johnson of the American league. Hermann refused to give out the contents of the letter, but said there is no reason to believe now that the peace committees of the National and American leagues will meet here this week, and that it was up to President Johnson to call a meeting of the peace committee when he is teady to do so. In baseball circles it seems to be the consensus of opinion that all negotiations for an agreement between the two leagues were off.

Chicago, Jan. 6.—Speaking of the assertion of Chairman Hermann that it is "up to President Johnson" to call a meeting of the peace committee, Mr. Johnson said today:

"I believe there will be a meeting the latter part of this week. I have written a letter to Garry Hermann of the Cincinnati club, and it now rests with the National league as to whether three shall be a conference at all or not."

KEELER IS X-RAYED presented the arguments in favor of a single system from the standpoint of his company. After his speech, Mr. Fenton, of the other company, explained its system of automatic switch boards and stated that if the council should see fit to grant it a franchise its promoters will spend \$100,000 in Ogden and give a better service at one-half the rates now enforced by the Bell company.

TONS OF BAGGAGE HANDLED.

Mr. Code Tells of Work in Union Depot.

The annual report of Baggagemaster Code of the Union Depot company was issued yesterday, showing a net increase of nearly 200 pieces of baggage more per day handled by his department during the year 1902 than in 1901. The figures of the report are stupendous and, when carefully considered, full of interest. The employees of that department handled during the 365 days of last year 546,250 pieces of baggage. Assuming that each piece averaged in size a trunk three feet deep, two feet wide by four feet longnot an extravagant estimate when it

New York, Jan. 6.—An X-ray examination of the injured shoulder of William Keeler, the ball player, made at a Brooklyn hospital, reveals the fact that he is suffering from what is known to the medical profession as a colles fracture, and though the surgeons expect to effect a permanent cure, it is not likely that Keeler will play until late in the season.

Keeler, during his recent visit in the west, fell on the ice, striking his left shoulder. After he returned home he called at the hospital, and the doctors there ordered the X-ray examination in order to locate the exact nature of the trouble. Keeler will undergo special treatment from now on.
